

Portane

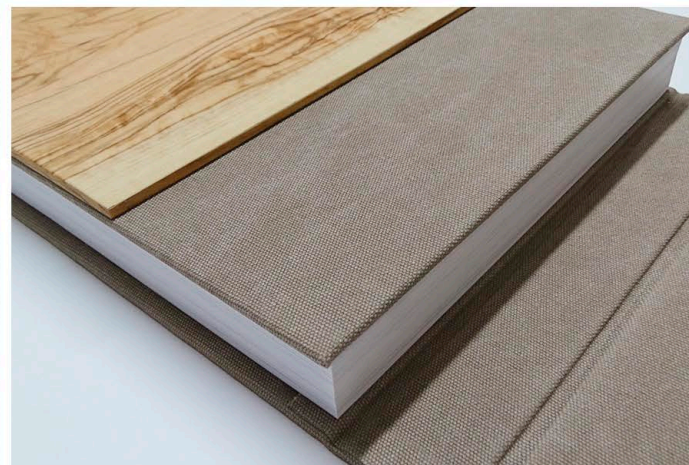

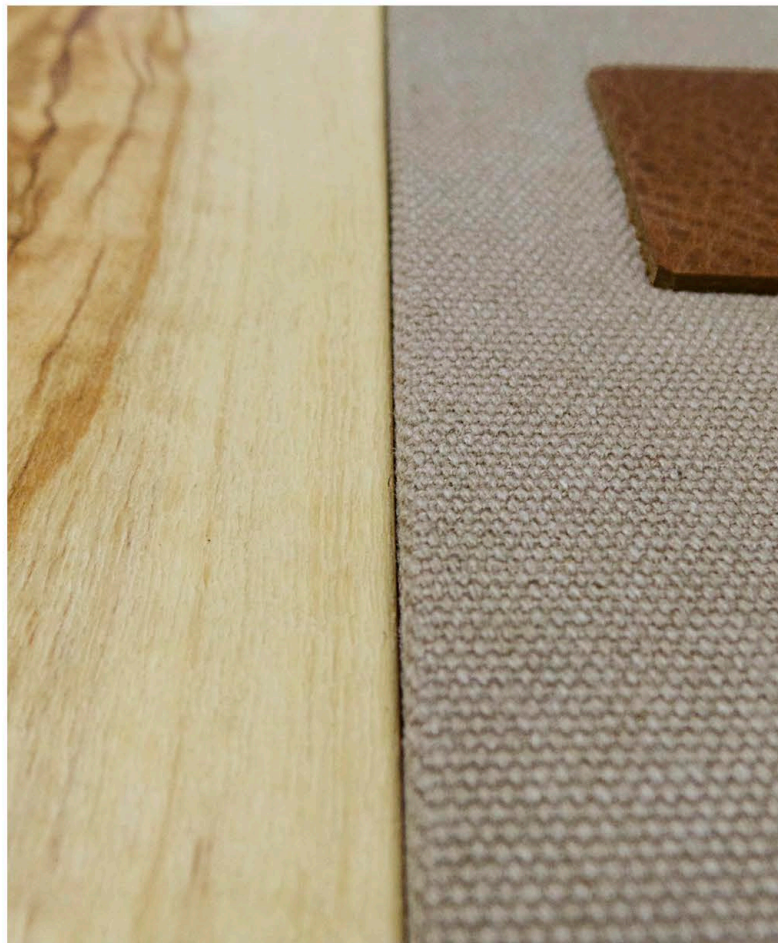

=====MADE IN ITALY=====

A photograph featuring a light-colored wooden block with a natural grain pattern, positioned diagonally in the upper left. Below it, a circular, dark brown object with a heavily textured, cracked surface lies on a light beige, woven fabric. A thin, light brown cord is attached to the disc, extending across the fabric and ending in a small, dark, knotted tip. The overall composition is minimalist and focuses on natural materials and textures.
